

CRCS Committee Meeting

Minutes

28/5/15

at Control Tower, Aston Down

Meeting Opened 8pm.

Present:

Jon Parker,, David Hancock, Terry Clarke, Bob Maltby

Apologies: Graham Birt, Sid King

The minutes were read by Dave hancock. Agreed by all present.

1. Matters Arising

It was reported that the weatherstation has been fixed.

Terry was asked if he had the instructors booklet that goes along with the trainees progress booklet. He doesn't have one but has rewritten the instructors text and will send it out to the committee.

2. The carpark box

Jon gave Bob the text for the new sign that will go above the box.

The new first aid kit is now in the box but it was realised that it won't be much use if members don't know the padlock number. To remedy this it was suggested that the number be printed on future membership cards. An email will be sent to members with the number as well.

3. May Fly-In

As Bob Maltby has covered the cost of gas for the BBQ's at the previous two Scale days it was agreed that the club would pay for the next bottle that will be needed for the fly-in this month.

Meeting Closed 20:45
