

Cotswold Control Radio Society

Committee Meeting Minutes

Date / Time 26-Aug-2021 / 8:00pm

Location J Parker

Present J Parker, Bob Maltby, Mario Malecki, John Veich, Doug Garland

Apologies Ian Halliday

-
- c. A message needs to be sent to members via the Forum asking for an indication of whether they and any family members will be attending the event, assistance with the BBQ, preparing the area, requirements for vegetarian food and if anyone holds a current food hygiene certificate. Replies are required by 10-Sep-2021. Action MM, JV
 - d. If we need to have someone take the food hygiene course a member will need to enrol on the necessary training course. Action DG, BM
 - 7. New member proposal
 - a. An application for William Lidstone (Vernon's son) to join the club has been approved. It is likely he will require some flying training. Action MM
 - 8. Receipts for this financial year
 - a. All receipts are up to date.
 - 9. Fun Fly day
 - a. JV suggested that we hold a fun fly day in the near future. Given the Scale day is 5 weeks away, it was agreed to plan for late October. A plan for the event needs to be considered and reported back to the committee at the next meeting. Action JV, MM
 - 10.AOB – Flying Training
 - a. MM updated the committee on the current and expected demand for training and has enrolled other experienced fliers to assist where necessary.
 - b. All new fliers will be actively encouraged to work towards a BMFA 'A' Certificate and MM has made it part of the training schedule.

The chairman thanked all who attended and closed the meeting at 22:10.

Signed

Chairman

Date

30/9/21
